PYTHIANS CONVENE.

Twenty-Fifth Biennial Session Is Held at Boston.

Boston, Aug. 3.—The twenty-fifth convention of the supreme lodge and biennial encampment of Uniform Rank Knights of Pythias, with the annual convention of Pythian Sisters, was formally opened at Boston Monday with an attendance estimated at from 75,000 to 85,000 delegates and members. The Pythians hold business sessions and parade and will enjoy trips about the city for six days, closing Sunday with a religious mass meeting.

The most interesting gathering Monday proved to be the encampment of the uniform rank, which was formally dedicated at Camp Joseph Lyon, on Franklin field. Over 3,000 tents accommodated 7,000 knights on this, Boston's most extensive play grounds, and here the chief features of the first day's programme were held.

Representative Woodworth of Boston, president of the ways and means committee, formally turned the camp over to Charles A. Barnes of Jacksonville, Ill., supreme chancellor, who accepted the camp, and in turn passed it over to Arthur Stobbs of St. Paul, major general commanding the uniform rank. Flag of the camp was then raised over the tented city and encampment formally placed under military orders.

Addresses of welcome by Governor Guild and Mayor Hibbard and response by General Stobbs followed.

One company of the uniform rank is from Texas.

Destructive Cloudburst.

Reno, Nev., Aug. 3.—A telephone message from Verdi, Nev., says a destructive cloudburst visited that section. One life was lost. Scores of livestock and cabins and a great quantity of hogs were swept away.

Miss Etta Tixley, aged twenty-four, daughter of John Tixley, foreman of the Verdi Mill and Lumber company, was on the porch of the labor office in the canyon when the water, fully ten feet high rushed against the building carrying Miss Tixley with it.

A cloudburst in Spanish canyon, near Steamboat Springs caught some persons in the rush of water, but after battling desperately they finally saved themselves. Mr. M. Ross and James Burke were severely hurt. Much livestock, timber and a ranch were destroyed.

Pleads Self-Defense.

Atlanta, Aug. 3.—T. R. Kimbrough, who was arrested, charged with causing the death of Lloyd Hardwick, Sunday confessed to the police that he killed Hardwick in self-defense. Kimbrough claims, according to the police, that he shot Hardwick as the latter was advancing on him with an open knife. The men, it is said by the police, quarreled over the possession of a bottle of whisky.

Severe Shock Imminent.

New York, Aug. 3.—Race track interests are about to experience one of the most severe shocks in their history if the present plans of Governor Hughes are carried out, according to information which received at this city. Just what form the proposed action of the governor will take cannot be learned, but it is said "something which will shake Saratoga from end to end will take place within the next day or two."

Three Burn to Death.

Pekin, Aug. 3.—Fire in the German guard section of the legation quarter burned the stables and mess room and exploded a quantity of ammunition. Two German and French soldiers were killed and eight German and five French soldiers were severely and four civilians slightly wounded.

Mail Clerks Hurt.

Charlotte, N. C., Aug. 3.—Train No. 86 on the Southern railway, the New Orleans-New York Limited, north-bound, met with an accident some thirty miles from Charlotte. The tender, mail car and club car left the rails and three mail clerks were injured. No passengers were hurt and no one was killed.

NEW YORK CAMPAIGN.

Mack, Murphy and Connors In Conference.

New York, Aug. 3.—An important conference to outline a plan of campaign in New York state was held by Norman Mack, chairman of the Democratic committee, with Charles F. Murphy, leader of Tammany Hall, and W. J. Connors, chairman of the state Democratic committee. The conference continued some time and it was said the part which the national Democratic committee will play in the campaign in this state was determined.

W. J. CONNORS.

Chairman Mack left for Chicago and will remain there two weeks.

Jubilee Offering Presented.

Rome, Aug. 3.—Archbishop Farley of New York, visited the Vatican and was received by Pope Pius with marked distinction. The archbishop presented the jubilee greeting and offering of the New York archdiocese and gave a satisfactory report of conditions there.

Train Kills Two.

New Britain, Conn., Aug. 3.—Three laboring men who were walking on the railroad track of the New York New Haven and Hartford railroad at Pratt's Crossing were struck by a local train from New Britain and instantly killed.

Text Book Board Scored.

Austin, Aug. 3.—At a meeting of John B. Hood Camp United Confederate Veterans a decidedly sensational resolution was adopted, condemning the state text book board for adopting the Myers-Brooks elementary arithmetic, which, the veterans claim is tinctured with a sectarian, sectional and partisan flavor. The resolution denounced the board and entered a unanimous protest against the use of the book in the public schools of Texas. The resolution cites historical arithmetic problems are given, mentioning names of Grant, Sherman and Sheridan to the exclusion of devoted patriots of the south.

Apportionment Not Yet Made.

Austin, Aug. 3.—State board of education did not make school apportionment or fix per capita Monday. A quorum was present and the board met, but adjourned until the comptroller can furnish estimates on county valuations. The governor said it may be several days before the apportionment is made.

Dr. George Sparks Dead.

Austin, Aug. 3.—State Treasurer Sparks received a telegram announcing the death of his brother, Dr. George Sparks, which occurred at San Angelo. Treasurer Sparks left for that city.

General Over Grayson County.

Sherman, Aug. 3.—A heavy rain fell over Grayson county Monday morning. This insures a heavy corn yield and will develop cotton.

Twenty-Four Suicide.

Pittsburg, Aug. 3.—Twenty-four persons suicided in Allegheny county during July.

DISASTER IS DREADFUL.

Conflagration One of the Most Terrible on Record.

LIST OF FATALITIES LARGE

Property Loss It Is Thought Will Foot Up Fully Five Millions of Dollars and Fernie Is Probably the Town to Suffer Most.

Winnipeg, Man., Aug. 3.—The most dreadful conflagration in the history of Canada has swept the Elk River valley, east of Kootenai. For forty miles a tremendous bush fire has burned everything before it. Estimates are that perhaps 150 people have met death in the flames.

Following places have been destroyed: Fernie, with population of 3,500; Coal Creek, with population of 1,500; Michel, with 50; Hosmer, with 50, and other Crow's Nest Pass towns.

Fernie is gone, but one dispatch said Hosmer and Michel are still fighting at noon Monday.

The homeless number over 6,000. Ten cottages and two coal offices of the Western Canada grocery, and the coal company's new warehouse are all that remain of Fernie. Within fifteen minutes after the fire broke out in the city, the place was a mass of swirling flames.

Five families at Fernie were hemmed in and every soul perished. At least seventy lives were lost at Fernie.

The property damage is between \$4,000,000 and \$5,000,000. The Crow's Nest Pass Coal company had \$1,000,000 of property at Coal Creek, which is reported destroyed.

The disaster is unequalled in the history of western Canada, in that an entire section of country, railways and bridges were swept away.

The property loss is \$5,000,000 at Fernie. Residents have been taken on trains to places of safety. One thousand dollars was sent by western Canadian cities to the relief of the destitute. Medical supplies are greatly needed. Fernie, with its lumber mills and railway terminals is wiped out.

Scores Separated.

Fernie, B. C., Aug. 3.—In the district swept by the flames there are estimated to have been some 7,000 people. Two thousand were sent west to Cranbrook and Elko; some 1,500 fled from the flames to the northward and reached Hosmer and other places. A Great Northern train took all people it could carry up the line fighting its way through sheets of flames before reaching a place of safety. Scores of families are separated, husbands not knowing where their wives and children are, and in some instances members of the same family are at Cranbrook, Fernie and Hosmer.

Paper Makers Affected.

Boston, Aug. 3.—Paper makers in the mills of the International Paper company at various places in New England are affected by the order issued Saturday by President Carey of the International Brotherhood of Paper Makers calling for a strike on account of a decreased wage schedule. The fact, however, that some mills of the company have been closed for several weeks lessens the force of the strike order.

All mills of the company at Franklin and Boylin, N. H., and Bellows Falls, Vt., are closed. These mills together employed about 850 hands. At Rumford Falls, Livermore Falls and Webster, Me., where the strike order was also received, more than 1,200 men are affected.

Ninety Lumbermen Perish.

Chicago, Aug. 3.—E. W. Stees of Caron, B. C., who has extensive interests there and at Fernie is at this city and he declares he received information from Winnipeg to the effect that ninety lumbermen employed by the Elk Lumber company of Fernie lost their lives.

Burnam Injured.

Detroit, Mich., Aug. 3.—Daniel H. Burnam of Chicago, the architect who designed the Chicago World's fair buildings, was taken to Grace hospital unconscious as the result of falling on his head while alighting from a moving street car. Physicians say there is a possibility that Mr. Burnam's skull may have been fractured.

Excitement Prevails.

Chicago, Aug. 3.—Scorching hot weather throughout the corn belt and the Dakotas and Minnesota threw the board of trade into wild excitement and sent the price of wheat and corn soaring skyward. The former grain advanced nearly 3 cents per bushel and latter showed an almost equally sharp bulge in price.

Kisses Dead Daughter, at Institute.

New Orleans, Aug. 3.—Because she kissed her daughter, Estelle, who died here of hydrophobia, Mrs. Lemuel Blythe of Natchez, Miss., was taken to the Pasteur institute and put under treatment for the disease. Although she developed no symptoms of rabies, physicians declare Mrs. Blythe is in danger.

Train Ditched.

Tucson, Ariz., Aug. 3.—Golden Gate limited, on Rock Island railway, was ditched four miles from Wilcox. Four passengers were hurt.

BRIEF NOTES OF THE DAY'S NEWS.

Helena, Mont., Aug. 3.—The second annual meeting of the Association of Postmasters of Montana began in this city today and will continue over tomorrow.

St. Louis, Mo., Aug. 3.—Delegates are arriving from all parts of the country to attend the national convention of the Knights of Columbus, which is to begin its sessions in this city tomorrow.

Kalamazoo, Mich., Aug. 3.—Favorable conditions attended the opening here today of the combination meeting of the Grand Circuit and the Great Western Circuit. The racing will continue until Saturday.

Troy, N. Y., Aug. 3.—Troy is entertaining for three days the annual State encampment of the United States Spanish war veterans. Several hundred delegates and visitors from various parts of the State are here for the gathering.

London, Aug. 3.—A large American delegation is to have a conspicuous part in the proceeding of the third international congress for the advancement of drawing and art education, which opened in London today for a five days' session.

Kirkville, Mo., Aug. 3.—Three thousand practitioners of the school of osteopathy have assembled here for their twelfth annual convention, which will be in session until the end of the week. Saturday will be devoted to the celebration of the eightieth anniversary of the birth of Dr. A. T. Still, to whom is given the credit for the discovery of the science of osteopathy.

St. Louis, Mo., Aug. 3.—A five days' harness meeting, which opened today at the old Fair Grounds track, probably will be the last horse race meeting of any description to be held on that historic course, which is soon to be cut up for building lots. There will be no betting at the present meeting, the Missouri law to that effect being strictly enforced.

Madrid, Aug. 3.—The present week will witness a series of yacht races in Spanish waters in celebration of the 416th anniversary of the departure of Christopher Columbus on the voyage which resulted in the discovery of a new world. The course selected for the contests is from Puerto Palos, when Columbus took his departure, to Tenerife in the Canary Islands, covering over 700 miles of the first part of Columbus' voyage.

JUSTICE COURT MATTERS.

Justice court, this precinct, Magistrate McGee presiding was convened yesterday for the purpose of taking up the criminal docket, and disposition was made of such cases called as follows:

Dave Dennis, disturbing the peace, plea of guilty entered and fine of \$1 and costs imposed.

Albert Jackson, vagrancy; plea of guilty entered and fine of \$1.00 and costs imposed.

Jeff Castles, disturbing the peace, jury verdict of not guilty.

The session will be continued today.

An Opium Farm.

Not far from Macao, at the mouth of the Canton river, China, is an opium "farm." Standing in a courtyard is the great wooden building devoted to opium manufactures, and in its vestibules are heaps of brown balls, not unlike coconuts. Two coolies, seated, cut them open and remove the black, jamlike substance they contain—the compressed poppy. The outer covering is a thick layer of dried leaves. Inside the building the whole place is full of smoke, arising from a hundred charcoal fires in open earthenware "chattis," placed in a row around the walls. Over each fire rests a shallow brass pan in which bubbles a mixture of poppy and water. This mixture is strained through a paper and passes on to be more carefully boiled in the next room, where the process is exactly similar. From there it goes to another room, where the sirup is reduced to the consistency of treacle over slow fires. In another building the opium is packed in tiny cans and placed in cases and sealed with the government seal.

A Banker's Generosity.

One day Humboldt was dining with Mendelssohn, the banker, and, an unusual thing for him, was very silent. His host, remarking it, observed to Humboldt that he was sure he must be ill.

"No," said Humboldt, "but I am in great trouble. Only ten minutes before leaving my apartment to come here I received from my landlord a note informing me that he had sold the house in which I reside and that I must move. The very thought drives me to despair. I really cannot bear to move again."

Mendelssohn gradually led Humboldt into conversation, during which he found time to write a note and receive an answer to it. He then took Humboldt aside and said: "By this note I learn that I am now the owner of the house in which you reside. The condition, however, upon which I have become its possessor is that you continue to occupy your apartment in it as long as you live."

BY CARNES & WALLACE

BRYAN, TEXAS, AUGUST 4, 1908.

R. R. Williams accomplished one thing by his campaign—he put Cumby on the map.

Thanks to the efficient county administration, Brazos county farmers will this year haul their cotton to market over better roads than ever before.

It is already assured that the cotton crop of Brazos county will be much larger than that of last year, and a few seasonable rains would easily double it.

One of the defeated candidates for comptroller has accepted a position of private secretary to a congressman. If you haven't strength to climb, grab somebody's coat tail.

Kennedy of McLennan, Gilmore of Van Zandt, Robertson of Travis, Davis of Brazos and Mobley of Henderson are announced candidates for speaker of the Thirty-first Legislature.

It is a notable fact that there is a direct ratio between the number of vagrants and the number of assaults, burglaries and robberies. Just as a cesspool breeds flies, so do street corner loafers breed crime.

"Texas has tampered with trifles long enough," says the Fort Worth Star. Perish the thought. "Tampering with trifles" is one of the most delightful recreations Texans have, and will continue as long as Judd Lewis lives.

This bad old world needs to be reformed and down deep in its heart it feels the need of reformation and wants to be regenerated, but it has learned by experience that many of the reform doctors are quacks and many of the remedies prescribed are poisonous nostrums; hence it is shy of those who want to reform it all at once.

Poor old San Antonio! Listen to this wail from the Texas Republic: "It looks as if San Antonio were to be regaled with a continuous political campaign until next May. The real contest for the County and State offices will begin at once and continue until November 3. Immediately thereafter, the campaign for the city offices will begin. There's always something doing in good old Santone!"

1759—Crown Point taken from the French by General Amherst.
1792—Death of General Burgoyne, the British general who surrendered his army to General Gates at Saratoga.
1821—William Floyd, one of the signers of the American Declaration of Independence, died.
1823—Oliver P. Morton, the war governor of Indiana, born in Saulsbury, Ind. Died in Indianapolis, November 1, 1877.
1862—The president ordered a draft of 300,000 men to serve in the army nine months.
1903—Charles M. Schwab resigned the presidency of the United States Steel Corporation and was succeeded by William Ellis Corey.

There may be or there may not be a coldness between Governor Campbell and Attorney General Davidson because of anticipated clashing of political interests. What difference does it make anyhow? When the proper time comes, if it ever does come, the people will decide between them or against both, as may best subserve the interests of the people. In the life history of a great State no man, however prominent for a time, is more than an incident.

HOME OF THE DOLL.

Methods of the Ingenious Thuringian Toymakers.

Dollmaking did not become conspicuous as an industry in the Thuringian mountains until the middle of the nineteenth century, when a citizen of Sonneberg brought from London a doll which was regarded as a great curiosity. It had come originally from China, and its head, legs and arms were movable. This furnished an inspiration to the ingenious Thuringian toymakers, who promptly improved upon it. Up to that time they had made dolls only of wood and leather, but soon they evolved the wax head—at first a crude article, the wax being applied with a brush, but later brought to high perfection, thanks, it is said, to an accidental discovery. A man engaged in making the heads dropped a thimble into his pot of fluid wax and on taking it out found it covered with a smooth and beautiful coat of the substance. He was not slow to seize the idea, the result being the adoption of the dipping process, the final touches of color being put on with a camel's hair pencil. Later on the movable eyes and closing lids, to feign sleep, were added, and the fleece of the Angora goat was substituted for human hair in the making of wigs, holding its color and curl much better, the doll as it is known today thus assuming its final and highly artistic form.

Dressing the dolls after they are made has become an industry in which numbers of women and girls are employed. For the small, inexpensive dolls little chemises, finished with a ruffle of lace around the neck and arms, are made by hundreds and require no skilled labor for their construction.—Rene Bache in Circle

Death Sentence Pronounced.
(Caldwell, Ida., March 18.—Harry Orchard has been sentenced to death. Judge Wood recommended that the sentence be remitted. This does not necessarily mean life imprisonment.

Miss Cora Griffin, who has been seriously ill at Ballinger, was brought home Sunday night, being sufficiently recovered to take the trip. She is yet quite sick, but is thought to be out of danger. Miss Earlean Redding of Houston accompanied Miss Griffin home and will remain with her awhile.

PHOTOGRAPH GALLERY IMPROVEMENTS.

Those qualities of perfect interior embellishment and fitting up so indispensable to the establishment of a photographer have now through the enterprise of Messrs. Winter & Smith, the new proprietors of the gallery located on Main street opposite the Central depot, been secured to as thorough an extent as possible and as a result the place presents an appearance that will compare favorably with many of the studios of its kind located in much larger towns than Bryan. The rooms occupied have been thoroughly repainted and renovated and the equipment has, by additions to the already excellent facilities, been brought up to a high standard of the photographic art.

To bring their service and equipment before the notice of the public the firm has put in effect for the month of August special prices on all their establishments by the public.

Messrs. Winter & Smith also have the agency for the Anco kodak and carry a full line of supplies.

CONWAY'S CONDITION ENCOURAGING.

Encouraging news from the bedside of Mr. Jack Conway, who is undergoing treatment in the Houston Infirmary for appendicitis, was received by relatives here yesterday. Mr. Conway was conveyed to Houston Saturday night, the plan of going to Galveston being changed at the last minute, and a successful operation was performed yesterday. The patient stood both the trip and operation well.

Later—A message was received last night stating Mr. Conway's continued improvement which, following as it does cheering reports from his bedside during the day, is taken as very significant. The patient has rallied to a considerable extent since the operation.

WAREHOUSE CONTRACT LET.

Farmer's Union Accepts Taylor's Bid—Work on Building to Commence at Once.

A meeting of the building committee of the Brazos county Farmer's Union was held yesterday afternoon for the purpose of considering bids for the erection of a cotton warehouse in Bryan and after reviewing the various figures and specifications submitted, those of R. S. Taylor were accepted.

The building will occupy a site 115 by 150 feet on property owned by the organization in the northern part of town, and will be constructed of the necessary frame timbers and corrugated iron. The approximate cost is placed at \$3,000.00.

FINE VOIL SKIRTS.

DR. SHOLL OF ALABAMA CALLED.

Following the regular services Sunday morning, a meeting of the congregation of the First Presbyterian church was held and a call to its pastorate was extended to Dr. E. E. Sholl of Birmingham, Ala., of whom the highest references as to his ability and successful work have been given. In event of Dr. Sholl's acceptance, he will take up his duties here about October 1st.

TEN CENTS DID IT.

The expenditure of ten cents for postal cards and the slight trouble of penning a description of the fugitive on each, on the part of Sheriff Nall, resulted in the arrest of John Spencer, charged with committing a felony, and the recovery of a horse, Sunday at Reagan.

Spencer is alleged to have stolen a horse from Joe Phillips on the Heburne place, five miles west of town, last Monday, and constantly since the commission of the crime, the Brazos county sheriff has traced the man through the medium of the mails.

Yesterday he went to Hearne, where he was given charge of the prisoner, being met there by an officer from Reagan.

VOIL SKIRTS.

Advanced fall styles in fine English voil skirts just received. Prices \$10.00 to \$15.00. Latest shades. 208 WILSON & DERDEN.

BRYAN'S ACCEPTANCE.

By Actual Count Contains Five Thousand, Three Hundred Words.

Lincoln, Neb., Aug. 3.—Contrary to expectations the speech of acceptance of W. J. Bryan will be a short one. He stated that by actual count it contains 5,300 words. While the issues of the campaign will be discussed, it is understood they will not be gone into at any great length, his views being reserved for a more elaborate treatment in the several speeches he intends to make.

Although the scorching sun beat down upon Lincoln, Monday, rendering it difficult to find a comfortable spot anywhere, Mr. Bryan busied himself with the vast accumulation of mail. Almost every communication addressed to him from different parts of the country brings encouragement on the political outlook. Especially gratifying to Mr. Bryan, are advices from Democratic newspapers reporting steadily growing contributions to the campaign fund.

MRS. SMITH EXPIRES.

J. M. Phillips, a Relative, Takes His Own Life.

Fort Worth, Aug. 3.—Dispatches received here from Lawton, Okla., say that Mrs. June Smith, formerly a well known Fort Worth woman, died there early Monday, her skull being crushed with a rock, it is alleged, by J. M. Phillips, a relative, also of Fort Worth. Poses surrounded Phillips Monday morning near Faxon and he committed suicide. The bodies of both were sent to Fort Worth for burial. Both leave relatives here. C. A. Steele has been arrested charged with complicity.

Bryan and Sheldon Honored.

Lincoln, Neb., Aug. 3.—The Lincoln Typographical union voted to make W. J. Bryan an honorary member. The action of the union was nearly unanimous, such opposition as there was being on the ground this action might be construed as bringing politics into the union. To offset this Governor Sheldon, who is a Republican and friendly to organized labor, was also made an honorary member.

Riot Results.

Uniontown, Pa., Aug. 3.—One man dead and twenty-five others seriously injured, some of them fatally, are the results of a riot early Sunday between Italians and Slaves at one of the H. C. Frick company plants near Manosontown. All the men are foreigners.

There's a Hare in the Moon.

Equally famous with the man in the moon and the woman in the moon is the hare in the moon, says Garrett P. Serviss in his "Astronomy With the Naked Eye." The original is a Buddhist legend. The god Sakkrja, disguised as a Brahman, pretended to be starving and went to the animals for help. The monkey got him a bunch of mangoes; the goat picked up a fisherman's neglected string for him; the fox stole him a pot of milk. At last the god approached the hare. "I have nothing but grass," said the hare, "and you can't eat that." "But your flesh is good," suggested the pretended Brahman. The hare assented. "Then," said the Brahman, "I'll kindle a fire at the foot of this rock, and you jump off into it. That'll save me the trouble of killing you." The hare assented again, but as he leaped from the rock the god caught him in his arms and then drew his figure in the moon as a perpetual reminder of the excellence of self sacrifice.
